Good morning Bruce,

We are calling for a conference call to discuss about the second half of your email below. Is Thursday Nov. 13 (two weeks from today) working for NMED? Please let us know your thought and preferred schedule.

Thank you,

Tung Nguyen

Brent—

Our new acting Division Director, Trais Kliphuis, would like to meet you and Tung when you are here on September 29th. I would like to suggest some informal agenda items we'd like to cover if you have time. Please let me know if this works for you and if you'd like to add/revise. We can take these up in any order we choose.

1. Permits to be re-issued in FFY15
2. MRG MS4, status of the permit
3. Chevron—Questa, status of appeal
4. LANL IP, status of ongoing discussions with LANS/DOE and CCW
5. Possible changes to the NMIP to reflect any new sufficiently sensitive methodology (MQLs/Sufficiently Sensitive Methods Rule), as well as discussion about fact sheets in permits and how this will impact the language presented in those as well.

6. Other NMIP revisions/updates?

In addition, at some point we should discuss the following. We can do that on the 29th but given the nature of the topics below I think having both R6 and NMED staff involved in a conference call might be more useful. Those additional items are:

Need to enhance the permit process, including:

- a. involvement of permittee in the process,
- b. application review,
- c. no discharge/no representative discharge,
- d. data supporting RP analysis,
- e. implementation procedures for lower Rio Grande,
- f. antideg, anti-backsliding, and 4B,
- g. consistency between the types of facilities being permitted,
- h. clarify the coal SCP permit language,
- i. EPA peer review of Draft Fact Sheets,
- j. EPA update of the RP (covered above in the meeting agenda but could be discussed in this call).

Depends when you arrive—assuming here that you're flying into ABQ on Monday morning. Working lunch around here also would be nice, unless we need to huddle around a computer for some reason. I have a conference room in our office reserved for the whole afternoon. Let me know—we're flexible.

Bruce:

I'd like to come visit a bit with y'all on FY15 permitting the week of Sept. 15-19 or 29-30. Plan to bring my NM coordinator Tung Nguyen. Would come up to Santa Fe. Think you might have some time available?

Takk,
